

# U-Finity

Get the freedom and flexibility you need to perform secure transactions without cabling restrictions. Now you can equip your store, restaurant or branch with the U-Finity secure card reader authenticator (SCRA) which offers the flexibility of a portable device that can be easily moved to the customer, without cumbersome cables to get in the way. With a network range of over 10 feet, the U-Finity is equipped with a wireless interface for connection to any PC or terminal. And, it offers all of MagneSafe's™ enhanced security features including the encryption of card data from the moment it is swiped.

## Benefits

The U-Finity features MagneSafe's advanced security architecture which has been designed to protect card data per PCI DSS requirements. With no cabling to get in the way of card swiping, the compact reader has been designed for true flexibility and ease-of-use. Its long-life battery enables hundreds of secure swipes per charge and it is fully compatible with wired USB MagneSafe readers.

## Features

- Ergonomic design
- Wireless USB dongle
- Supports personal area network up to 10 feet
- Protects card data per PCI DSS requirements
- MagnePrint® card authentication
- Device/host authentication
- Unique, non-changeable device serial number
- Triple DES encryption
- DUKPT key management
